

# Register (Enroll) Apple MAC BOOK BYOD Devices

IT Division

# Install Company Portal app

---

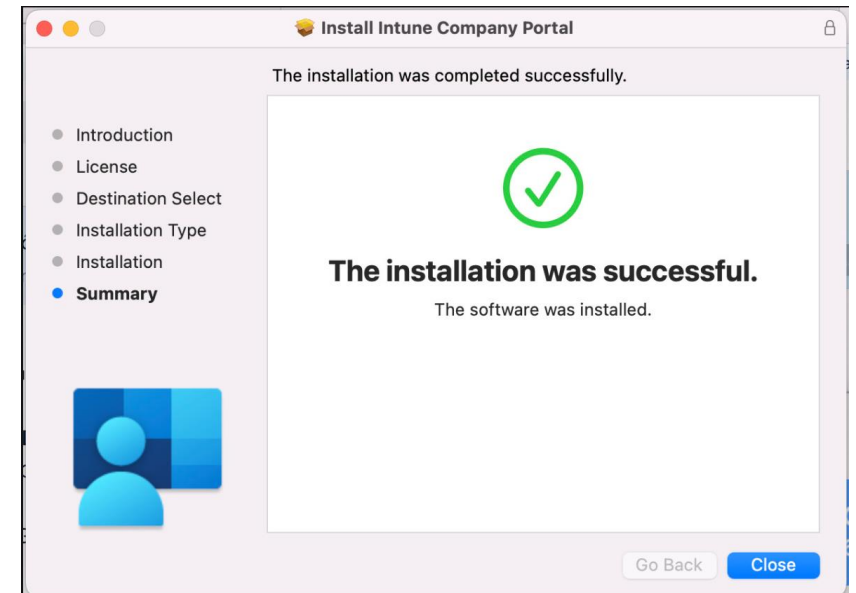

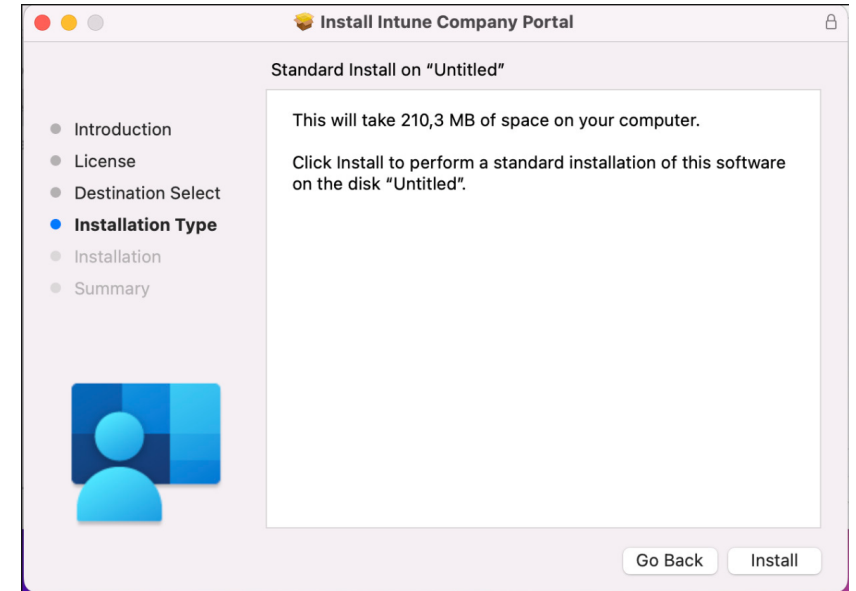

1. Go to [Enroll My Mac](https://go.microsoft.com/fwlink/?linkid=853070)  
(<https://go.microsoft.com/fwlink/?linkid=853070>)
2. Wait while the **Company Portal installer .pkg** file downloads.  
Open the installer when it's ready.

# Get Company Portal

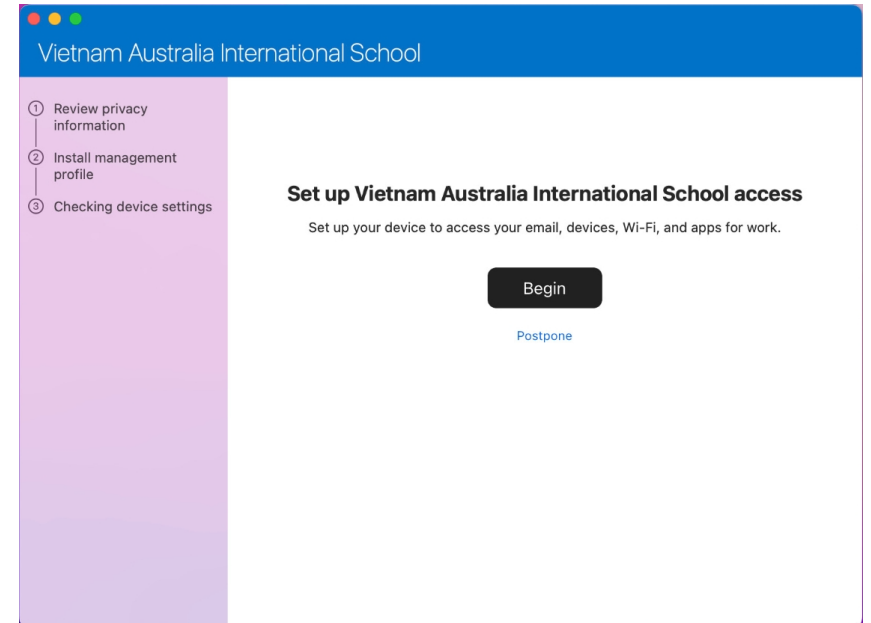

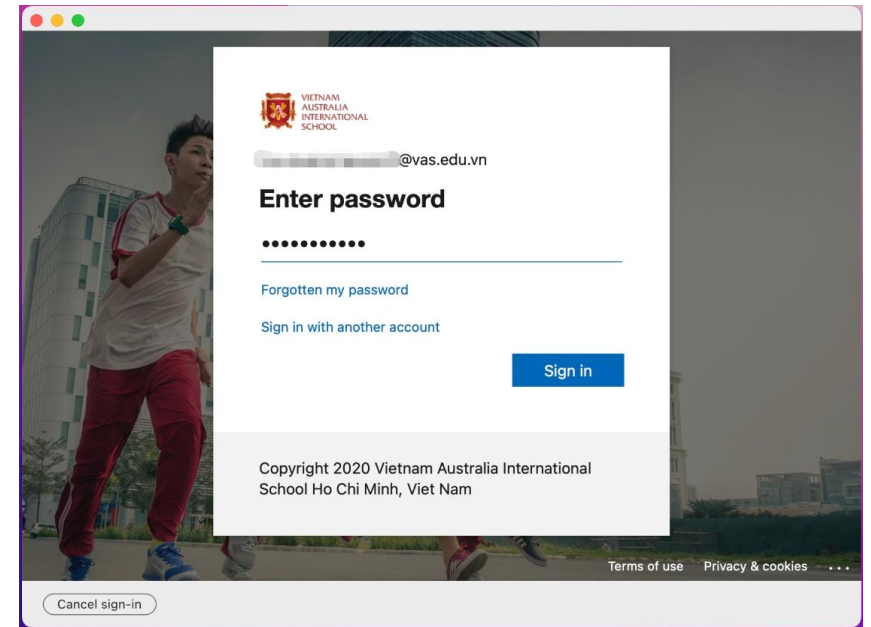

---

3. On the **Introduction** page, select **Continue**.
4. On the **License** page, read through the Microsoft Application License Terms. Select **Continue**.
5. Select **Agree** to agree to the terms of the software license agreement.
6. On the **Installation Type** page, select **Install**.
7. Enter your device password or registered fingerprint. Then select **Install Software**.
8. Wait for Company Portal to finish installing.
9. Open the Company Portal app.

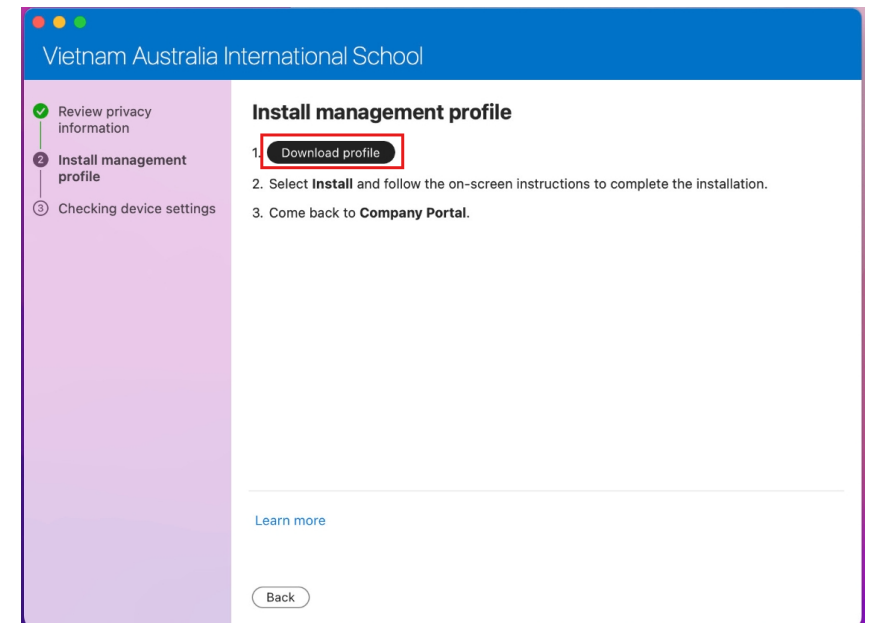

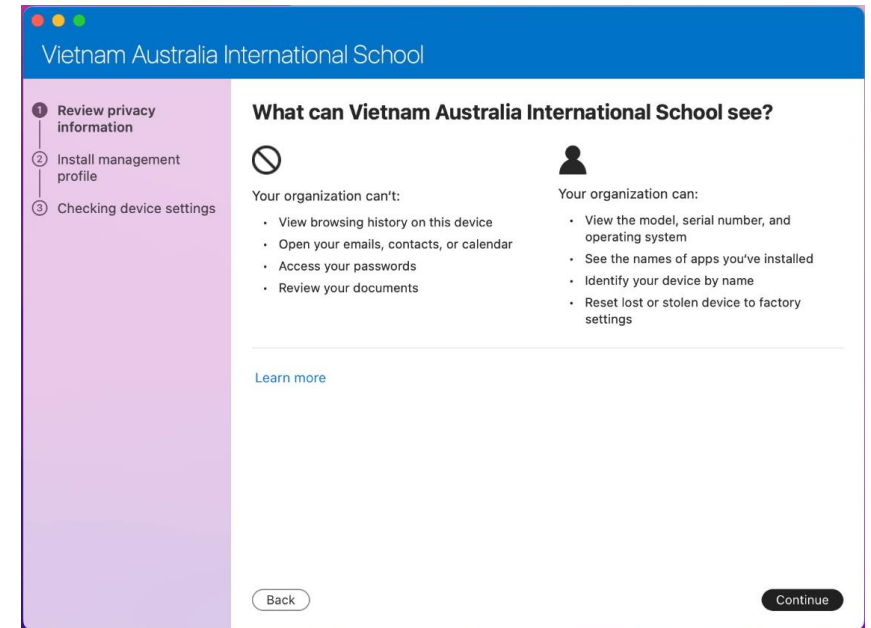

# Enroll your Mac

1. Sign in to the Company Portal app with your work or school account.
2. On the **Set up access** page, select **Begin**.

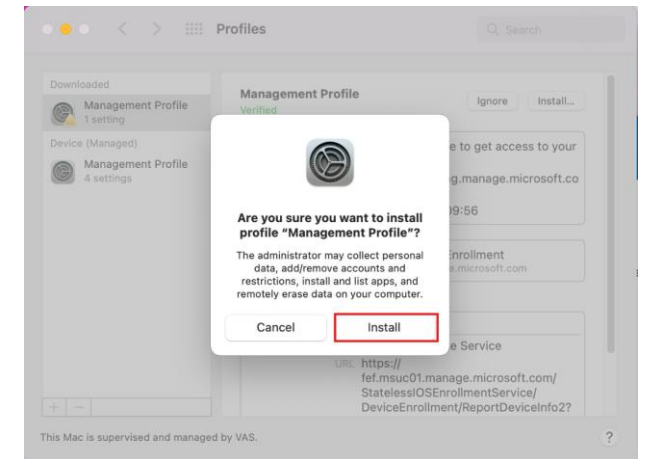

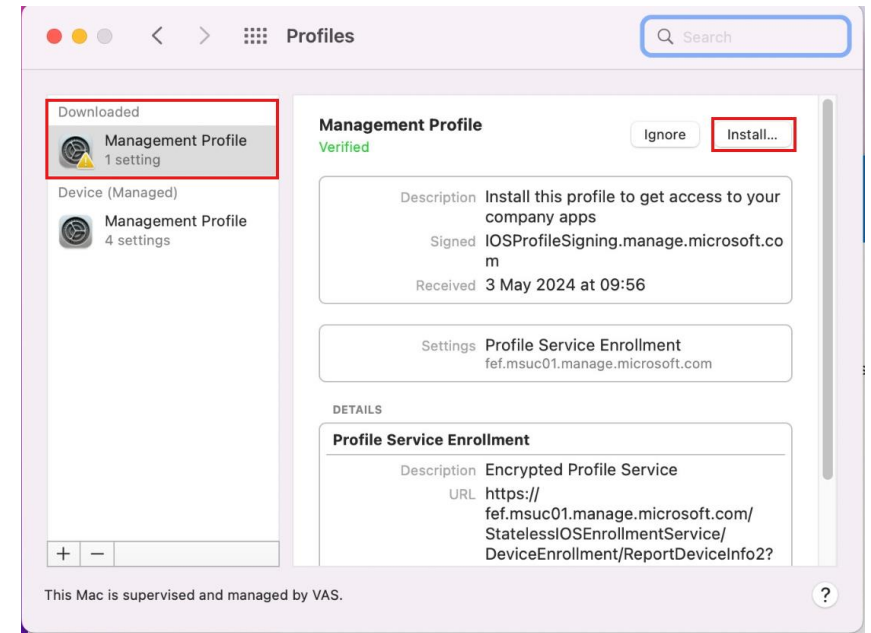

# Enroll your Mac

3. Review the privacy information. Then select **Continue**.
4. On the **Install management profile** page, select **Download profile**.

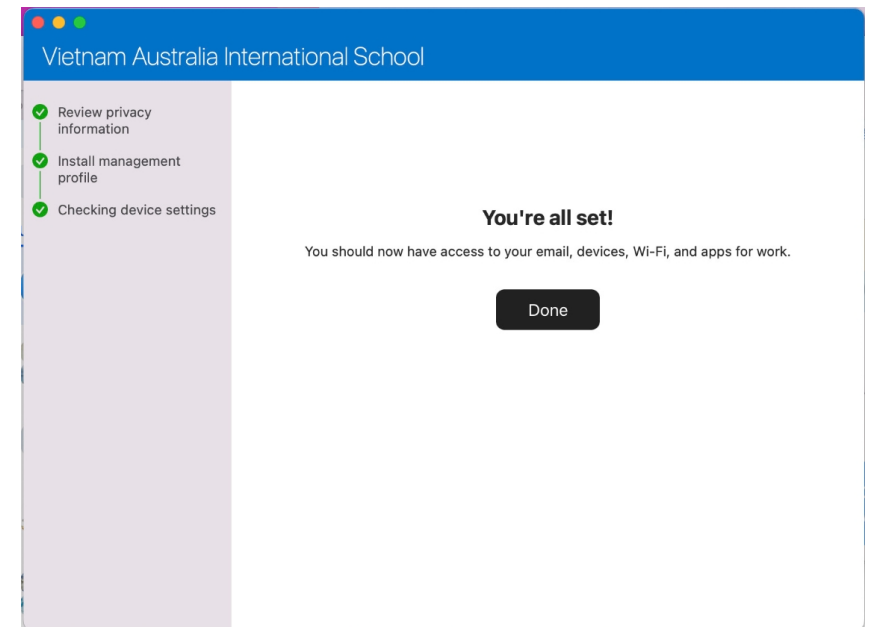

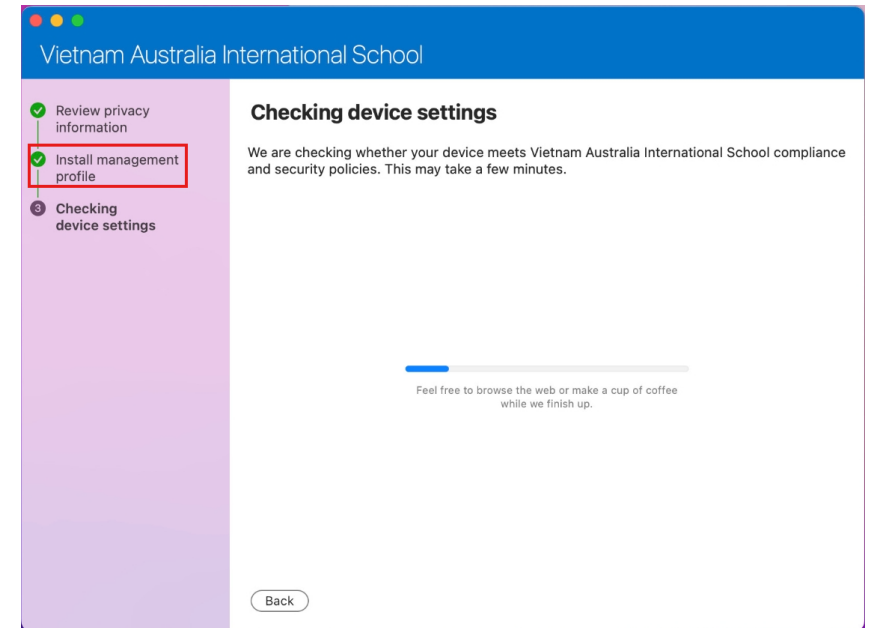

# Enroll your Mac

5. Your macOS system settings open in a new window. The management profile you just downloaded is shown.
  - Select the profile to open it.
  - Select **Install...**
  - When asked to confirm installation, select **Install**.
  - Enter your device password to allow the profile to enroll your device. Then select **Enroll**.
6. Wait while the management profile installs and then enrolls your device.

# Enroll your Mac

7. Return to the Company Portal app and verify that there's a green checkmark next to **Install management profile**.
8. Your organization may require you to update your device settings. On the **Checking device settings** page, review the list of settings you need to change. Select **How to resolve this** to view related help documentation in a web browser.
9. After you make all changes, select **Retry**. Wait while Company Portal rechecks your device settings.
10. When setup is complete, select **Done**. Your device is ready to use for work. You can go to **Devices** in the Company Portal app to view and manage your enrolled Mac.
