

Register (Enroll) Windows BYOD Devices

IT Division

For Window Devices

- Applies to
 - Windows 10
 - Windows 11

You can enroll Windows 10/11 devices through the Intune Company Portal website or app.

- Install the app from the <u>Microsoft Store</u>.
- Sign on to the Company Portal website with your work or school credentials.

Enrolling

Use **Intune Company Portal** to enroll devices running on Windows 10, version 1607 and later, and Windows 11.

1. Open Company Portal and sign in with your work or school account.

Enrolling

- 2. Select **Allow my organization to manage my device** to set up your device.
- 3. Select **OK**.

Stay signed in to all your apps

Windows will remember your account and automatically sign you in to your apps and websites on this device. This will reduce the number of times you are asked to login.

Allow my organization to manage my device

① Selecting this option means your administrator can install apps, control settings, and reset your device remotely. Your organization may require you to enable this option to access data and apps on this device.

No, sign in to this app only
